

TAHSIN SAAD CHOUDHURY

ENGINEERING OPERATIONS AND DATA PROFESSIONAL

PROFILE

Enthusiastic and multidisciplinary professional with a background in EEE from BUET and currently pursuing an MBA at IBA, University of Dhaka. Experienced in project co-ordination, technical documentation, quality review, data analysis, and operational planning across engineering, energy, and publishing projects. Adaptable and detail-oriented, with strong analytical, communication, and problem-solving skills and the ability to collaborate effectively across technical and business teams.

WORK EXPERIENCE

2026 - PRESENT

Executive (EEE)

B&F Company Ltd.

- Prepared and quality-checked technical reports, project documentation, equipment assessments and operational planning materials for renewable-energy and waste-processing projects.
- Coordinated with engineering, operations and project-development teams to resolve technical issues and maintain consistent project records.
- Reviewed technical information for accuracy, completeness and compliance with project requirements.

2025 - 2026

Editor (Sciences)

Joykoly Publications Ltd.

- Reviewed science and technical publications for factual accuracy, consistency, clarity and formatting before publication.
- Identified and corrected content errors while maintaining established editorial and quality standards.
- Converted complex STEM topics into clear, structured materials for university-admission and job-preparation examinations.

TECHNICAL PROJECTS

Undergraduate Thesis: LoRa-Based Low-Power Wide-Area Network for Irrigation Systems

Academic Project

- Designed and implemented a LoRa-based low-power communication architecture, system implementation, data transmission for irrigation applications. Studied encryption techniques for secure LoRa-based wireless communication.

Self-Balancing Drone

Academic Project

- Built a prototype self-balancing drone using 3D-printed components and commercially available sensors.

Emotion Detection from EEG Signals

Academic Project

- Used machine learning techniques to analyze EEG signals and identify emotional responses.
- Explored correlations between EEG signal patterns, music genres, and emotional classification.

EDUCATION

Master of Business Administration

2026 - Present

*Institute of Business Administration,
University of Dhaka*

Bachelor of Science in Electrical and Electronic Engineering

2018 - 2024

Bangladesh University of Engineering and Technology (BUET)

CGPA: 2.90/4.00

Major: Communication Engineering

HSC

2015 - 2017

Notre Dame College

• GPA: 5.00/5.00

SSC

2009 - 2015

Nasirabad Government High School

• GPA: 5.00/5.00

TECHNICAL SKILLS

Programming and Engineering Tools:

Python, MATLAB, C, C++, Verilog, HTML

Database:

MySQL, PostgreSQL

Engineering Areas:

Renewable energy, biochar systems, waste-to-fuel concepts, power plant planning, LoRa communication, signal analysis

Data and Documentation:

Technical reporting, project documentation, engineering analysis, presentation preparation

Software:

Microsoft Word, Excel, PowerPoint, Canva, Adobe Photoshop, Adobe Illustrator

Creative Tools:

FL Studio, Ableton Live
